

For greater transparency, growers & makers who use zero sulfites during the winemaking process have been highlighted in yellow and those who have up to 35mg/L across their range in pink. Numbers in white indicate growers that have one or more wines with a total SO2 content between 36 & 50mg/L.

- No added sulfites
- Total sulfites <35 mg/L
- Total sulfites between 36 & 50 mg/L

RAW WINE®

10TH ANNIVERSARY

NEW YORK MAP 2026

61ST EDITION WORLDWIDE

RAW WINE celebrates wines with emotion. Wines that have a humanlike, or living, presence. They are also wines that are an authentic expression of a place. Welcome to the New York fair 2026.

Isabelle Legeron MW, RAW WINE Founder

JOIN US ON THE RAW WINE WORLD TOUR

Montreal 14 & 15 November 2026
Berlin 29 November 2026
Paris 14 & 15 February 2027
Bologna at Slow Wine Fair 21, 22 & 23 February 2027
Tokyo 9 & 10 May 2027
Shenzhen at Wine To Asia 14 & 15 May 2027

Distributor Discovery

Welcome to a brand new area featuring mini-portfolio tastings by some of the US' most exciting natural wine importers, as well as collections by French and Italian agents showing the work of growers seeking representation in the US. Over 150 wines to taste by producers unable to make it in person.

Come meet the movers and shakers shifting bottles across this great nation.

Meet the distributors at their stands:
