

RAW WINE®

NEW YORK MAP 2025

RAW WINE celebrates wines with emotion.
Wines that have a humanlike, or living, presence.
They are also wines that are an authentic expression
of a place. Welcome to the New York fair 2025.

Isabelle Legeron MW, RAW WINE Founder

For greater transparency,
growers & makers who use zero
sulfites during the winemaking
process have been highlighted
in yellow and those who have
up to 35mg/L across their range
in pink. Numbers in white
indicate growers that have one
or more wines with a total SO2
content between 35 & 50mg/L.

- No added sulfites
- Total sulfites < 35 mg/L
- Total sulfites between 36 & 50 mg/L
