

THE ARENA

THE FOYER & AUDITORIUM

For greater transparency, growers & makers who use zero sulfites during the winemaking process have been highlighted in yellow and those who have up to 35mg/L across their range in pink. Numbers in white indicate growers that have one or more wines with a total SO2 content between 35 & 50mg/L.

- No added sulfites
- Total sulfites <35 mg/L
- Total sulfites between 36 & 50 mg/L
- N/A-Importers
